CEO & THE BOARD

It was another strong year for the Iowa Lottery, but brutal weather conditions this past winter had an impact on the sales of many consumer products, including lottery tickets.

Despite those conditions, the lottery is in a healthy position and our products continue to serve as an affordable local entertainment option. Our successes in the past year included:

- Annual sales, proceeds and prizes paid to players ranked among the top four in the lottery's 29-year history
- It was the third year in a row that annual sales topped the \$300 million mark
- Proceeds to the state came in at the fourth-highest amount since the lottery's start in 1985 (nearly \$74 million)
- The Lottery raised \$1.8 million for the Iowa Veterans Trust Fund, bringing total proceeds to that cause since 2008 to \$15 million
- \$20.1 million in commissions were paid to Iowa community retailers for selling Iowa Lottery products.

While we achieved some milestones, our overall results were impacted by two main factors:

Mother Nature. Repeated blizzards and frigid temps this winter often made it impossible for folks to get out and make their customary purchases, including lottery tickets.

Cyclical Powerball jackpots. The lottery's 2013 results were buoyed by strong Powerball sales, with the game's jackpot topping \$300 million on four different occasions that year; but that happened only three times in 2014. As we've repeatedly emphasized, big jackpot runs are unpredictable, and we believe that we must continue to budget for results that can be reliably achieved.

Statistically we know that our results will fluctuate from year to year, but we anticipate that lottery games will continue to be a consistent, key source of proceeds for vital state causes here in Iowa.

During the past year the Iowa Lottery also has been preparing for our upcoming move to a new headquarters building in Clive. This location will provide all Iowans a more convenient location to claim major lottery prizes. This real estate transaction, like everything we do here at the Iowa Lottery, helps build a solid financial lottery base for years to come.

Thanks again for supporting your Iowa Lottery. We're looking forward to another successful year in 2015.

ALL OR NOTHING

The Iowa and Minnesota lotteries used a player complaint about lotto drawings as the basis for a new game that debuted Jan. 28, 2014.

The All or Nothing™ game's name is self-explanatory: Players can win the top prize of \$100,000 by matching all of the winning numbers in one of its drawings or none of them.

Both lotteries' directors confirmed that they've heard players complain that they didn't match any numbers in a lotto drawing.

All or Nothing is a joint game being offered in both states, with two drawings per day, seven days a week. Players in All or Nothing choose 12 numbers from a pool of 24. Twelve winning numbers are selected in each midday and evening drawing and plays in the game cost \$1.

The game has an hourglass prize structure offering 10 ways to win, with the \$100,000 top prize at the two extremes - for matching all or nothing - and smaller prizes working in from there. Drawings are held at 12:45 p.m. and 8:45 p.m. daily.

REVAMPED VIP CLUB

over the years...

As the Iowa Lottery’s players club nears its 20th birthday, the lottery has revamped the program to focus on additional cash prizes and more drawings as requested by its players.

The change was prompted by members of the lottery’s free VIP Club, who have indicated they’d like to see even more prize drawings through the club.

The Iowa Lottery has had a players club since 1994 and the program has been updated several times to keep things fresh. The last revamp came in 2011 when the lottery added a merchandise store to the club and gave players the chance to enter nonwinning scratch tickets for points they could redeem for store merchandise.

Members of the most recently revamped club still enter nonwinning tickets into their account to Play It Again® but instead of points, they receive entries into contests for cash and prizes. This year the lottery held its first contest where players could enter nonwinning lotto tickets into their VIP Club account for a chance to win prizes. See page 13 for details.

GIFTS GALORE

It's Gifts Galore for the holidays

Entry dates: Oct. 2, 2013 - Jan. 13, 2014

Drawing date: Jan. 15

After four straight years of record entries in its annual holiday promotions and player requests for even more second chances to win, the Iowa Lottery blew out the number of prizes in its holiday offering this year, turning the “Gifts Galore” campaign into one of its biggest yet. Players made more than 929,000 entries in the latest holiday promotion.

A total of 310 prizes of cash and electronics valued at more than \$240,000 were available in the Gifts Galore promotion. Powerball players had the opportunity to Play It Again® for the chance to win a trip to the Pro Football Hall of Fame® complete with an exclusive tailgate party where they could meet football greats and win a cash prize of up to \$1 million.

The Iowa Lottery's "Hall of Fame" promotion offered the ultimate football fan experience. Players who made a Powerball purchase of \$10 or more on one ticket used that ticket to enter the promotion on the lottery website. Eighteen states participated in the promotion, with six trip packages available to players who entered with Powerball tickets purchased in Iowa.

The six trip packages, each for four people, include airfare to and from Cleveland, Ohio, for the Pro Football Hall of Fame's 50th Anniversary Fan Festival in May. The Powerball trip winners and their guests exclusively attended an Ultimate Tailgate Party with Pro Football Hall of Famers, including dinner and a tournament of games with the football greats. The Powerball players who won the trips also were part of a winners-only prize event where they could win a cash prize of \$1,000, \$25,000 or even \$1 million.

The six Iowans who won a trip package, pictured above, each won \$1,000 prizes at the event.

VETERANS VICTORY

Revvin' it up for veterans

Tracy Schultz of Peterson, right, admires her prize.

Entry dates: Jan. 6 - March 26, 2014
Drawing date: March 27

Bubba Sorensen spent five days painting the bike.

Lottery players revvin' it up for a "Ride To Riches" made nearly 97,000 entries in the Veterans Victory promotion with nonwinning tickets in the \$1 "Ride to Riches" scratch game. The unique prize was a one-of-a-kind motorcycle custom painted by Iowa artist Ray "Bubba" Sorensen II. It was the first time that Sorensen, the artist best known for his annual artwork on the huge "The Freedom Rock®" boulder near Greenfield in western Iowa, had painted a motorcycle.

Lottery officials selected Tracy Schultz of Peterson as the winner of the hand-painted bike in the promotion that supported our state's veterans and their families through the Iowa Veterans Trust Fund.

It took Sorensen about five days to hand paint the motorcycle's gas tank. He weaved into his patriotic artwork an eagle's head and the letters "USA" on the top of the tank; the motto, "All gave some, some gave all," on the tank's sides; and undulating red and white stripes representing an American flag blowing in the wind as the motorcycle drives down the road.

In keeping with an Iowa theme, the lottery purchased the one-of-a-kind Victory Boardwalk™ motorcycle from Victory® Motorcycles in Spirit Lake. The motorcycle package was valued at an estimated \$31,000.

Since its first games to benefit the Iowa Veterans Trust Fund debuted in July 2008, the Iowa Lottery has raised more than \$15 million for the IVTF and thanks its players for their continued support of this noble cause.

Mike Wolfe meets the press after the game and promotion were introduced at the Antique Archaeology® store in LeClaire.

"I tell people all the time that I've got the best job in the world, traveling the country and finding amazing things. This new lottery game and promotion give me another way to share that experience - there's the magic of winning a cash prize or the chance to win a cool trip and some awesome Iowa stuff."

- Mike Wolfe

Iowa players picked a winner!

Entry dates: April 4 - June 30, 2014

Drawing date: July 1

The Iowa man who's made a name for himself as an expert collectibles picker teamed up with the Iowa Lottery and Iowa Tourism for the "Mike's Picks" game and promotion.

State and local officials joined Mike Wolfe at his Antique Archaeology® store in the historic Mississippi River community of LeClaire and at the State Historical Museum in Des Moines to announce the "Mike's Picks" scratch game and a promotion by the same name offering trip packages and Iowa products as prizes.

Members of the lottery's free VIP Club who didn't win a cash prize playing the scratch game could Play It Again® with nonwinning tickets from the game and enter online into the Mike's Picks promotion for a chance to win prizes.

After answering a "Mike's Weekly Iowa Pick" question about some of Mike's favorite companies in the state, players were entered into a drawing for a trip package to visit Nashville or LeClaire, or an assortment of Iowa products. In fact, each of the 12 prize winners received an Antique Archaeology® tote bag full of 12 products from the Iowa companies featured during the promotion as some of Mike's favorites.

OVERVIEW

Agency Mission: “The Iowa Lottery strives to administer lottery games in a secure manner to maximize revenue while maintaining the dignity of the state and the welfare of its people.”

The Iowa Lottery was established in 1985 and began ticket sales on Aug. 22 of that year. Since the lottery's inception, its players have won more than \$3.3 billion in prizes while the lottery has raised more than \$1.5 billion for the state programs that benefit all Iowans.

The guiding principles of the Iowa Lottery are:

- Develop and distribute products that are fun and exciting to Iowans;
- Maintain integrity and security in production and delivery of those products while utilizing the highest level of technology available;
- Educate and motivate the public to play Lottery games responsibly;
- Maintain the dignity of the Lottery through truthful, tasteful and informative advertising;
- Develop an effective employee workforce that is professional, knowledgeable, skilled, and offers maximum service and reliability to retailers and players; and
- Maximize net revenues to the state.

Today, lottery proceeds in Iowa have three main purposes: They provide support for veterans and their families through the Veterans Trust Fund; help for a variety of significant projects through the state General Fund; and backing for the Vision Iowa program, which was implemented to create tourism destinations and community attractions in the state and build and repair schools.

The Lottery has approximately 118 employees in the following departments: external relations, finance, marketing, operations, sales and security. That number also includes the five board members.

The Lottery has approximately 65 employees at its headquarters in Des Moines. The Lottery also maintains a warehouse facility in Ankeny and four regional offices in Cedar Rapids, Council Bluffs, Mason City and Storm Lake. The lottery has three product categories: scratch tickets, pull-tab tickets and lotto games. Lottery products are sold through approximately 2,400 licensed retailers across Iowa.

In 2003 the Legislature recognized that as an entrepreneurial entity, the Iowa Lottery could operate more efficiently and established the Iowa Lottery Authority, a public instrumentality of the state. As a result of that change, combined sales for the Lottery's traditional products have continued to climb in the fiscal years since then.

The Iowa Lottery develops an annual budget, which requires approval by the Board of Directors. The budget is monitored through a series of performance measures.

The goals and results discussed in this report cover the following core functions of the Iowa Lottery's operations: sales and distribution; resource management; enforcement and investigation; and reconciliation clearing account.

WHERE THE MONEY GOES

Note: All of the amounts listed here are from FY 1986 through the end of FY 2014.

General Fund: \$1,303,339,942 — Since 1992, a majority of lottery profits have been directed into the state general fund, where they are used to pay for programs that benefit all Iowans. In the Iowa Lottery's latest fiscal year, the lottery raised more than \$72 million in proceeds that were deposited in the state general fund. Some of the programs that receive money from the general fund include education, natural resources, health and family services and public safety. The Governor and Iowa Legislature allocate money from the general fund based on where they believe those funds are needed most.

Iowa Plan: \$170,318,439 — The Iowa Plan was a long-term economic development program. It was divided into four basic areas: a Jobs Now program designed to put people to work; government construction programs; community and economic betterment; and educational and agricultural research. Lottery profits were dedicated to the Iowa Plan from fiscal year 1986 through fiscal year 1990.

CLEAN Fund: \$35,894,355 — The CLEAN Fund stood for Committing the Lottery to Environment, Agriculture and Natural Resources. The program dedicated money to environmental and cultural causes. Lottery profits were dedicated to the CLEAN Fund during fiscal year 1991.

Iowa Veterans Trust Fund \$15,200,954 — Since July 2008, a portion of lottery proceeds has been dedicated to the Iowa Veterans Trust Fund, where they are used to support our state's veterans. The proceeds from two instant-scratch games and two pull-tab games each year are directed into the Iowa Veterans Trust Fund. The Iowa Lottery estimates that the games will provide about \$2 to \$3 million in proceeds annually for the Iowa Veterans Trust Fund. The Iowa Veterans Trust Fund was created to provide assistance to qualified veterans to help pay for expenses such as job training or college tuition assistance; some dental, vision and hearing assistance and individual or family counseling programs.

Iowa Gambling Treatment Fund: \$15,732,208 — The Iowa Gambling Treatment Program provides treatment, counseling and outreach programs for those concerned about gambling as well as the 1-800-BETSOFF helpline. The Iowa Lottery is committed to responsible play and helps address the issue of problem gambling. Each year, the lottery provides the public with information about 1-800-BETSOFF by including messages about the helpline on millions of lottery tickets, brochures and point-of-sale materials as well as other publications. In 2009, the Gambling Treatment Fund was eliminated, with the Gambling Treatment Program now receiving its funding from the state General Fund.

Special Appropriations: \$13,773,572 — A portion of lottery profits have been earmarked for specific purposes within the state budget.

Backing For Vision Iowa:

In addition to those direct uses of Lottery proceeds, lottery profits are also linked to the Vision Iowa program. Vision Iowa was implemented in 2000 to create tourism destinations in the state, assist with community attractions, and build and repair schools. Direct funding for Vision Iowa comes from gaming revenues. However, as the program was being initiated, investors indicated there was a need to strengthen the Vision Iowa bonds by dedicating \$20 million annually in lottery revenues as a backup. Legislation was approved that dedicates \$15 million in lottery revenues to programs for community attractions in Iowa and another \$5 million to Vision Iowa programs to build and repair schools if gambling revenues don't reach that amount. Lottery funding will continue to be linked to Vision Iowa over the 20-year payback period of the program's bonds.
